Authorization for this examiner's amendment was given in a telephone interview with James Beckers (Reg. No.: 30,358) on 03/20/2006.

The application has been amended as follows:

- Replace the current title with following title:

*“MEMORY INTERFACE CIRCUIT HAVING PLURALITY OF PREFETCH BUFFERS, EACH ASSIGNED TO EITHER FIRST PREFETCH BUFFER ENABLED FOR REWRITE OR SECOND PREFETCH BUFFER DISABLED FOR REWRITE DURING NORMAL OPERATION PERIOD”*

- Cancel the claim 6.
- Claim 7, line 1: Change the dependency of claim 7 from claim 6 to claim 1.

***Allowable Subject Matter***

5. Claims 1-5 and 7-12 are allowed; and renumbered as 1-11, respectively.

**REASONS FOR ALLOWANCE**

6. The following is an examiner's statement of reasons for allowance:

None of the prior arts of record teach or suggest, either alone or in combination, all limitations of the independent claims of the current invention (claims 1 and 10); particularly a memory interface circuit comprising an address generating unit, a data selecting unit, a main control unit and a plurality of prefetch buffers each having a tag register for storing a branch address, and a data register for storing instruction data stored in an area of said external memory designated by the branch address stored in the tag register; a first address comparing unit for activating a tag hit signal when said internal address coincides with the branch address stored in the tag register; each of the said prefetch buffers is assigned to either a first prefetch buffer which is rewritable during said normal operation period or a second prefetch buffer to be disabled for

rewrite during said normal operation period and containing in advance a specified branch address and instruction data stored in an area of said external memory designated by the specified branch address.

Claims 2-5, 7-9 and 11-12 further limit the allowable independent claims. These claims are therefore also allowable for the same reasons as set forth supra.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
